► Guaranteed Peace of Mind

The market leading brand, proven by the industry's leading companies to offer superior performance and best value for money.

▶ **5afe** – Quality Assurance you can trust

Strong drill points, quick insertion, high pull-out values and long lasting corrosion resistance. Complies with the provisions for CE marking and goes beyond British and European standards for quality with on-going performance testing within an industry leading, in-house R&D laboratory.

► Experienced Technical Support

Knowledgeable application engineers will advise on correct fastener solutions, with approved fastener guides for all the leading system companies.

► Fast Reliable Supply

The comprehensive **StarPVCU** range includes superior plated Carbon Steel and a complete Stainless Steel solution for all window and door applications, available by next day delivery.

**▶ One Stop** Solution

A full range of installation fixings and fabrication consumables are available, including drill bits, screwdriver bits, superglues and much more.

## **Comprehensive Range**

StarPVCU window screw range is the most comprehensive range available, covering every application requirement for the fabrication of PVCU windows and doors. Each application is covered in both carbon steel and stainless steel, giving the fabricator the option to offer extended warranties.

## **StarPVCU**

- Yellow Passivated (PH2)
- Zinc Passivated (PH2)
- Stainless Steel (PH2)
- ¥ Stainless Steel Combo Recess (SQ1/PH2)
